## TechMart Electronics – Frequently Asked Questions & Operational Guidelines

---

### 1. Customer Support Operations & Availability

- **Standard Tier Support Hours:** TechMart Customer Support operates standard channels from Monday through Friday, 9:00 AM to 6:00 PM Indian Standard Time (IST). Channels include Live Web Chat, Email Ticket Support, and the Customer Web Portal. Standard queues are closed on national holidays.
- **Enterprise Tier Support Hours:** Corporate and Enterprise clients with active Service Level Agreements (SLAs) have exclusive access to our 24/7/365 Priority Support Hotline and dedicated technical account desks.
- **Service Level Objectives (SLOs):** Our standard response time matrix guarantees an initial response from a human agent within 4 business hours from the moment a ticket is generated in our customer portal.

### 2. Order Management, Fulfillment, & Tracking

- **Shipment Tracking Mechanisms:** Upon successful dispatch from our central fulfillment center, an automated transactional email containing a unique Carrier Tracking Number (via DHL, FedEx, or BlueDart) is generated and dispatched to the user's registered email address. Alternatively, live tracking data, estimated delivery dates, and logistical milestones can be monitored directly via the user's Account Dashboard under the "Orders" module.
- **Order Cancellation Protocols:** Order cancellation requests are processed automatically via the portal provided the order status remains "Processing" or "Pending Dispatch." Once an order status transitions to "Dispatched" or "In Transit," cancellation is structurally impossible. In such scenarios, the customer must accept delivery and formally initiate the standard return procedure.

### 3. Baseline Product Warranties

- **Standard Hardware Coverage:** All consumer electronics items purchased directly from TechMart Electronics or an authorized dealer include a standard 12-month manufacturer limited hardware warranty against component failure, effective from the date of invoice issuance, unless explicitly stated otherwise on the product page.
